ABOUT

I am Mayank Nagar, a second-year student at Government Engineering College, eagerly seeking internship opportunities to apply and expand my skills in web designing. With a strong command of web design principles and a passion for learning, I am driven to contribute effectively to projects while continuously enhancing my knowledge. I am enthusiastic about collaborating with innovative teams and leveraging my creativity to develop impactful solutions.

EXPERIENCE

Web Development Intern - INTERNSHALA

- Utilized HTML, CSS, and JavaScript to create interactive and dynamic web pages, incorporating modern frameworks such as Bootstrap and jQuery to enhance functionality and aesthetics.
